Dear Florianus Aloysius Nay
Paper ID 211

In the previous email, we informed you that all of the SEA-DR papers were rejected by JPCS IOP and then we offered you to publish your paper on ScitePress.

However, the committee also tried to re-negotiate again with JPCS IOP to re-consider their decision about the SEA-DR papers.

As a result, they just informed us that they had decided to publish most of the SEA-DR papers.

For now, the papers have been passed to their typesetters and will be prepared for publication volume. We would like to emphasize that we cannot guarantee that all the papers will be published to JPCS IOP yet.

We are still waiting for the information from the IOP representative. If there is further information related to the publication to JPCS, we will immediately inform you.

Thank you for your attention and cooperation. We hope for the best publication for you.

Best Regards,

Yosep Dwi Kristanto
Conference Chair of SEA-DR IC 2019
