Dear Mesak Ratuanik:

Thank you for submitting your paper to this conference. We are happy to inform that your abstract entitled LEARNING DESIGN ON SET MATERIALS USING THE MODEL PROBLEM BASED LEARNING FOR SEVENTH GRADE STUDENTS IN JUNIOR HIGH SCHOOL OF KANISIUS KALASAN YOGYAKARTA has been accepted to be presented at South East Asia Design Research (SEA-DR) International Conference which is being held 2019-07-25 at Yogyakarta.

Here are some comment from our reviewers:

“Your title is too long, also your abstract.

Tenses please.

Please explain your result shorter and to the point and explain about students ability.”

Once again, thank you very much for your interest to present in the SEA-DR conference. We look forward to see you at the conference.

Best Regards,

Yosep Dwi Kristanto, M.Pd

Dear Florianus Aloysius Nay
Paper ID 211

In the previous email, we informed you that all of the SEA-DR papers were rejected by JPCS IOP and then we offered you to publish your paper on ScitePress.

However, the committee also tried to re-negotiate again with JPCS IOP to re-consider their decision about the SEA-DR papers.

As a result, they just informed us that they had decided to publish most of the SEA-DR papers.

For now, the papers have been passed to their typesetters and will be prepared for publication volume. We would like to emphasize that we cannot guarantee that all the papers will be published to JPCS IOP yet.

We are still waiting for the information from the IOP representative. If there is further information related to the publication to JPCS, we will immediately inform you.

Thank you for your attention and cooperation. We hope for the best publication for you.

Best Regards,

Yosep Dwi Kristanto
Conference Chair of SEA-DR IC 2019
