Subject: [IConSSE 2019] Format dan Proof-read

To: Anung Wicaksono <anungwicaksono10@gmail.com>

Selamat pagi Ibu Bapak Pemakalah IConSSE 2019,

Terlampir adalah hasil cek final terkait dengan format naskah dan English proof-read.

Penulis **WAJIB** memperbaiki format naskah dan bahasa sesuai dengan saran Editor dan Proof-reader. Perbaikan dilakukan pada file versi Editor dengan terlebih dahulu memperbaiki format (apabila sudah ada beberapa perbaikan dari Editor) dan selanjutnya pada versi tersebut dilakukan perbaikan bahasa sesuai saran Proof-Reader.

Naskah revisi dikirimkan kembali via email iconsse@adm.uksw dalam versi **Word dan PDF** dengan nama "kode Camera-Ready_Editor_Proof", sebagai contoh: 001 Camera-Ready_Editor_Proof, paling lambat **Rabu tanggal 10 Juli 2019**. Panitia akan mengumumkan kelayakan naskah untuk dikirim ke JPCS (Journal of Physics Conference Series) hari **Kamis tanggal 11 Juli 2019**. Apabila naskah dianggap layak, maka pembayaran biaya publikasi dilakukan paling lambat **Jumat 12 Juli 2019 seperti di LoA**. Apabila melewati batas waktu perbaikan atau penulis **tidak melakukan revisi sesuai saran Editor dan Proof-Reader**, maka naskah penulis dianggap **tidak layak untuk dikirimkan** ke Journal of Physics Conference Series. Konsekuensinya bahwa apabila penulis sudah melakukan pembayaran publikasi tetapi naskah tidak layak untuk dikirimkan, maka panitia **tidak akan mengembalikan biaya yang sudah dibayarkan**.

Terkait format, ada beberapa hal yang harus diperhatikan:

1. Sitasi referensi di naskah menggunakan nomor seperti [1], [2], atau [1,2] dan diurutkan nomornya sesuai urutan kemunculan dalam naskah.
2. Referensi diurutkan sesuai nomor sitasi, yaitu [1], [2], [3], ... , BUKAN berdasarkan urutan ABJAD.
3. Contoh aturan penulisan referensi untuk jurnal yaitu
<nama belakang> <singkatan nama depan/tengah> <tahun> <singkatan nama jurnal> <volume> <halaman awal paper>

Singkatan jurnal bisa dicari di:

<https://www.ncbi.nlm.nih.gov/nlmcatalog/journals>

4. Gambar HARUS merupakan satu kesatuan seperti JPG atau PNG dengan resolusi tinggi, BUKAN "grouping" di Word, sehingga tidak bisa dilakukan penghapusan untuk bagian-bagian dari gambar.
5. Satu Tabel berada di satu halaman, jika terpisah maka tabel diberi nomor baru dengan judul sama dan ditambahi "(Cont'ed)".

6. Rumus atau simbol matematika dituliskan menggunakan fasilitas “Insert Equation” atau “Insert Symbol” yang ada di Word. Karena itu kami sarankan menggunakan Word versi terbaru yang disimpan dalam versi “docx” bukan “doc”

Mohon pelajari dengan cermat yaitu panduan, template, dan contoh yang kami lampirkan juga.

Salam,
