[IConVET 2019] Final confirmation for publication to IOP Science

9 messages

IConVET-2019 <iconvet2019@easychair.org>   Wed, Apr 1, 2020 at 6:27 AM
To: Dian Artanto <dian.artanto@gmail.com>

Dear Dian,
Greeting!

Thank you for your patience waiting for the publication process of IConVET 2019 to IOP Science for your paper below:

Paper ID: 80
Title: Development of TRIZ Based Competency Test Material and its influence on improving problem solving skills.
Author: Eko Aris Budi Cahyono, Dian Artanto, Pippie Arbiyanti and Gregorius Heliarko

Before your paper is actually published, please ensure the following are correct:
- paper title
- name, affiliation and email of the authors

Please access the unpublished version of your paper here: https://drive.google.com/drive/folders/
1NEsbbdqFP6m9ovmhkBVs2TSAuMjxrznp
If there are errors, please contact us as soon as possible no later than 2-Apr-2020 at 01:00 PM (GMT + 8).

Please note that this is your last chance to notify us if there are errors with these matters and we do not accept changes other than the above and the paper will be published as is after the deadline.

Thank you for your attention and cooperation.

Sincerely,
IConVET Committee

IConVET-2019 <iconvet2019@easychair.org>   Wed, Apr 1, 2020 at 6:27 AM
To: Dian Artanto <dian.artanto@gmail.com>

Dear Dian,
Greeting!

Thank you for your patience waiting for the publication process of IConVET 2019 to IOP Science for your paper below:

Paper ID: 79
Title: The effectiveness of learning in vocational education in mechatronics through making a simple simulation program
Author: Dian Artanto, Eko Aris Budi Cahyono, Agus Siswoyo and Sukma Meganova Effendi

Before your paper is actually published, please ensure the following are correct:
- paper title
- name, affiliation and email of the authors

Please access the unpublished version of your paper here: https://drive.google.com/drive/folders/
1NEsbbdqFP6m9ovmhkBVs2TSAuMjxrznp
If there are errors, please contact us as soon as possible no later than 2-Apr-2020 at 01:00 PM (GMT + 8).

Please note that this is your last chance to notify us if there are errors with these matters and we do not accept changes other than the above and the paper will be published as is after the deadline.

Thank you for your attention and cooperation.

Sincerely,
IConVET Committee

*Showing **9** out of **9** changes made by this client*

WORKS

Added
- Application of multi-level integrated projects to meet the achievement of learning special skills in mechatronics vocational education (2021-12-08)
- Design of a GPS-based solar tracker system for a vertical solar still (2021-12-08)
- Development of TRIZ based competency test material and its influence on improving problem solving skills (2021-12-08)
- Development of a simple data logger using seeeduino stalker and the data visualization using processing software (2021-12-08)
- Drowsiness detection system based on eye-closure using a low-cost EMG and ESP8266 (2021-12-08)
- Improved control and monitor two different PLC using LabVIEW and NI-OPC server (2021-12-08)
- Non-intrusive vehicle-based measurement system for drowsiness detection (2021-12-08)
- The development of a simple tool to reduce the sitting time using Seeeduino Stalker and LabVIEW (2021-12-08)

- The effectiveness of learning in vocational education in mechatronics through making a simple simulation program (2021-12-08)

Why did I get this email?

You have received this email either because you opted in to notifications about your ORCID record or because it is a service announcement related to your record. You can adjust the frequency of these emails and manage other subscription preferences in your account settings.
