Re : Acceptance of abstract

To : **Hongki Julie**
Sanata Dharma University

Congratulations! The Faculty of Mathematics and Natural Science, Yogyakarta State University, kindly invite you to attend in *The 5th International Conference on Research, Implementation and Education of Mathematics and Sciences* (5th ICRIEMS) on 7th–8th May 2018, which has a theme of “*Revitalizing Research and Education on Mathematics and Science for Innovations and Social Development*”.

Your abstract entitled:

The Teachers’ Ability in Mathematical Literacy on The PISA Adaptation Test

has been reviewed by a scientific team organized by the conference committee and the result indicates that your abstract is **accepted** to be presented in the parallel session. If the reviewer has requested any revision, it must be revised. This abstract will be published in the conference booklet.

For abstract with more than one author, we would appreciate very much if the name of the author who is giving the presentation is well informed. This would greatly assist us in preparing the presenter’s certificate earlier. For more information, please see the website under menu “official info”.

The committee also invites all author to submit a full paper that will be published in the conference proceeding. Full-paper is due on 31 March 2018 and will not be extended to allow sufficient period of reviewing process. Guidelines and more information can be found in the website: <http://seminar.uny.ac.id/icriems>

We look forward to seeing you soon!

Conference Chair,

ICRIEMS
FMIPA

Agung W. Subiantoro, Ed.D.
