Dear Evy Fenny Veronica, Rini Dwiastuti,

We have reached a decision regarding your submission to International Journal of Applied Pharmaceutics, "Formulation and Evaluation of Wound Healing Gel of White Leadtree (*Leucaena leucocephala* (Lam.) De Wit.) Leaves Extract" with reference no. IJAP 42126.

Article is quite interesting but it needs major revision

Comments-

For revision of your article see the following points

R1

In very first sight, the manuscript seems to be written with casual approach and careful rewriting is required before any technical comment.

Statistical treatment of the data is not up to the mark

Statistical values mean with standard deviations should be mentioned in footnotes

Please avoid obvious grammatical errors. Make sure that your sentences are complete, that they make sense and that you have verb/subject agreement.

R2

- Symbol and units: It should be as per International System of Units (SI). See it in instructions to authors and follow accordingly and strictly.
- Errors: Grammatical and punctuation errors should be rectified. Authors are suggested to use smart tools like 1 checker, ginger, grammarly, white smoke, etc.
- Ensure that biological names (plants/crude drugs/bacteria/fungus etc) are in italic in whole manuscript including reference also.
- Reference citation- References are to be cited in parentheses/Square bracket like [1] in line with text.
- References: References are out of format. Uniformity must be ensured in all the references. It should be made strictly as per Instructions to Authors. Journal's title should be abbreviated without use of full stop.
- References: There is no need to mention issue number with volume. It should be provided only if it is supplement issue. Please correct accordingly.
- Pagination style is incorrect in references. Authors should refer any latest published article in IJAP. Digit appeared in starting page number should not be repeated in end page number. Ex. 12-5, 25-32, 125-7, 11456-62 etc.
- Results of same data have been given by table as well as by figures. Use only one mode table or figure.
- Tables and figure footnotes: Authors must mention values of n, i.e. number of experiments, for example, 3, 4, 5 or 10 etc. Please mention that data given in mean \pm SD or mean \pm SEM in footnotes of each table/figure.
- Authors should add/replace at least 2 references from International Journal of Pharmacy and Pharmaceutical Sciences and may be at least one from AJPCR, IJAP and IJCPR.
- Methods/Techniques adopted for the study should be mention in materials and methods section and appropriately referenced
- See the attachment for more comments and queries. Authors need to make the corrections according to these comments also while doing the revision.

Editorial suggestive comment: Authors are suggested to cite references from the Journals of Innovare Academic Sciences (IAS) like International Journal of Pharmacy and Pharmaceutical Sciences (IJPPS) Asian Journal of Pharmaceutical and Clinical research (AJPCR), International Journal of Current Pharmaceutical Research (IJCPR)

etc. in this manuscript, only if it does not affect the write up of the manuscript in any way. Please avoid self-citation, provided necessary to cite, in any of the manuscript being communicated to any journal of IAS.

(All the changes made must be highlighted with RED coloured fonts or it should be done in track change mode).

-

Response to comments:

1. Authors are requested to make revision point to point and very strictly. Failure may cause its rejection.
2. Authors must give their response to the comments of reviewers at end of the revised copy of manuscript. If authors disagree with any comment they should record response with reason.

Note: Authors must send email to editor@ijaponline.org, after submission of revised article compulsorily with subject- “Revised article submitted for Round 1/2/3.....” along with article reference no.
