BJTEP\_Gen AI Collaborative Learning\_FX Risang Baskara.docx;

Dear Dr. Asokan Vasudevan,

I hope this email finds you well. I am writing to express my deepest gratitude for your support throughout the publication process of our paper in the Journal of Infrastructure, Policy and Development. This achievement would not have been possible without your valuable guidance and insights.

The publication of our work is a significant milestone for our team, and we are truly grateful for the opportunity to contribute to the field under your mentorship.

On a related note, I would like to seek your opinion on another research paper that was recently rejected from a different journal. Given your expertise in this area, I would be honored if you would consider collaborating with us to strengthen this work. I have attached the draft for your review.

Please feel free to let me know if this potential collaboration interests you. I would be happy to discuss this further at your convenience.

Thank you again for your continued support.

Best regards,  
Risang
