I am writing to express my interest in publishing an article in Jurnal ASS. I am very interested in the theme of the journal ASS, as it is very much in line with my research interests and professional background. I intend to submit a paper (in the form of a full article and a submission form) that discusses globalization and tourist flows to Indonesia from ASEAN (attached).

I am confident that my findings will provide valuable insights to many readers of the journal from various disciplines, especially tourism and tourism economics.

Please let me know if there are any special requirements or further information needed regarding my participation. I look forward to the opportunity to publish in this journal.

Thank you for considering my application. I look forward to contributing to the enriching discourse of Jurnal ASS.

Sincerely

Antonius Budisusila
