Dear Author,

Thank you for submitting the manuscript, "FACTORS AFFECTING SMALL ENTREPRENEURS' INTENTION TO IMPLEMENT GREEN PRODUCTION PROCESSES", to European Journal of Business and Management Research. With the online journal management system that we are using, you will be able to track its progress through the editorial process by logging in to the journal website:

Manuscript

URL: <https://www.ejbmr.org/index.php/ejbmr/authorDashboard/submission/2216>

Username: ywkarsana

The following steps will be applied for pre-screening, peer-reviewing, copyediting, and publication process after the submission :

- a) Pre-screening : The editorial office utilizes a web-based software program (**iThenticate**) to identify potential plagiarism by comparing documents and highlighting similarities. A "similarity rate" of 25% or less is acceptable. If a manuscript has a similarity rate exceeding 25%, the author will be asked to make corrections.
- b) Peer-Review: We use a double-blind system for peer-review; the reviewers' identities remain anonymous to the authors. The paper will be peer-reviewed by two or three experts; one is an editorial staff and the other two are external reviewers. The review process may take up to 3-4 weeks.
- c) Notification for the editorial decision (Acception, Revision, or Decline) by E-mail.
- d) If the submission is accepted, you will receive an acceptance certificate containing a copyright agreement along with a request for payment for article publication. The article processing fee only covers a maximum of 10 PDF page articles. If the article PDF file exceeds 10 pages, the journal will charge 10 GBP for every exceeding page. Therefore, please make sure that your article will be limited to 10 PDF pages.
- e) Copyediting Process-Step 1: All accepted manuscripts are adapted according to the

journal's template by the journal crew. Our copyediting staff will work on the final layout and format.

f) Copyediting Process-Step 2: In this stage all information and data are thoroughly reviewed and verified before publication. Authors may be invited to address certain questions or correct specific issues.

g) Galley Proof Validation: The corresponding author is invited to check the final galley proof version of the paper again. In this stage, authors approve the final version for publication.

h) Publication. Articles are published in PDF, HTML, JATS XML, and EPUB formats. In addition, a DOI identifier will be assigned to your article, and you will be informed about the DOI number.

IMPORTANT NOTE 1:

The publisher and journal have a policy of “Zero Tolerance on Plagiarism”. We check the plagiarism issue through two methods: reviewer check and plagiarism prevention tool (iThenticate.com).

All submissions will be checked by iThenticate before being sent to reviewers.

IMPORTANT NOTE 2:

To ensure that you continue getting all the communication emails, please add our email address (editor@ejbmr.org) to your contacts. In some cases, the emails sent via our system may end up in your "spam" folder of your personal email account. Therefore, we kindly ask you to periodically check your spam folder during the reviewing and copyediting stages.

If you have any questions, please contact us. Thank you for considering this journal as a venue for your work.

Regards,

EJBMR Team

Subject: writing names

Dear Sir,

Here I will correct the writing of my name which is often wrong, in the email

My name is written by **Yusef Widya Karsana karsana**, where the word **karsana** is written twice (double). It should only be once, so the correct one is:

Yusef Widya Karsana

This happened, possibly because I filled in the family name: karsana

Hopefully, the writing of my name for the future will be correct.

Thank you for your attention and cooperation.
