Subject: APJTB_413_22 figures

Dear author,

Please remove the background color (yellow, purple, pink and blue) of figure 1-3 as there is no need to add it. For all figures, please provide better quality picture, because the supplied source images have very low resolution (not enough pixels for the print size) and the visual quality is not sufficient. Please provide us with images that have a minimum resolution of 1000 dpi and with a proper print size (typically we need 900 pixels wide for an image that fits a single column).

Please reply us within today. Thank you.

Best regards,
